

High voltage charge controller

Back side

Products Specification

Style Name	HA-HVC-1.5K48	HA-HVC-1.5K24
Input Voltage Range(MPPT)	127-370VDC	
Max. Charge Current	32A	
Battery Voltage	48V	24V
Max Output Current	25A@48V	40A@24V
Working Temperature	-20℃ ~+50℃	
Battery Protection	Boost charge 、Equalization charge 、Float charge	
Efficiency	>90%	
Ultimate Grid-Tied Models	128A (4 sets)	
Over load Protection	Switch-off automatically	
Heat Emission	By running fan	
Rated Input Power	1.5kW
